

TOYOTA

ALWAYS A BETTER WAY

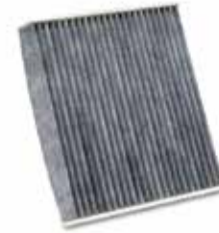

Cabin air filters

Standard cabin air filter:

- Removes major air pollutants including dust, soot, lead, sulphates and exhaust particles.

Enhanced cabin air filter - creates a healthier environment inside the vehicle:

- Removes 25% more pollutants than standard air filter
- Eliminates noxious gasses (diesel exhaust fumes)
- Eliminates chemical substances (Eg hydrocarbons in cigarette smoke)
- Odour blocking feature & Ozone removal capacity
